## BHMA plans new eco-resort under X2 brand in Hoi An

By TTG Asia / Posted on 15 May, 2018 10:34

BHMA Hotels has partnered Vietnamese developer Ixora Real Estate to manage the new X2 Resorts & Residences at the UNESCO World Heritage destination of Hoi An, scheduled for phase one opening in 1Q2019.

The seven-hectare eco-resort will be located on 650m of river frontage along the Coco River, offering 70 two- to four-bedroom villas with private pools as well as a hotel comprising 31 loft units and 56 suites.

The resort will feature facilities such as infinity swimming pools, a library, spa and health club, restaurants and bars, a canoe station, children's play zone, and both organic and hydroponic gardens.

Minutes from the white sands of An Bang and other popular beaches, the eco-resort is also close to the historic old town of Hoi An.

"Central Vietnam is one of the fastest-growing areas in Southeast Asia for tourist arrivals thanks to its array of attractions, beautiful landscape, historical townships, and a full range of activities," said BHMA CEO Anthony McDonald, CEO of BHMA, commenting on the region's tourism prospect.

"This particular part of the country truly provides the perfect opportunity for us to further establish and grow our presence here in Vietnam," he added.
